Controllers

(will we be abel to interogate controllers by Client / Account / Dealer level?)

Create New

List FG Code and description

(What does the True of False Status relate to?)

Do we need an Edit at this point?

SerialNumber	Authentication Code	Firmware Version	Software Version	Recipe Version	Skins	Wallpaper	7 DayTimer	Sleep Delay	Controller Date	Status	
tddd	auth1									True ▾	Edit | Details
646	AutCode									False ▾	Edit | Details
new1	12346									False ▾	Edit | Details
